Sauven 5000

Sauven 6 in 1 ink jet printer

Simply attach the printer to your production line and start printing onto *cartons, trays, sacks or other products, with excellent print quality.*

The Sauven 5000 inkjet printers are the most compact available with a choice of 6 print models from one printer, and with a choice of character heights.

The printer is easily upgradeable from a single line to a four line printer to accommodate any change in product marketing requirements.

The pictorial keys give instant access to each specific function. Scanning through the stored messages, or creating a message for printing could not be easier.

Features

- Instant access function keys
- Sealed membrane keyboard
- Stainless steel cover
- 1 litre or 5 litre Ink Supply
- Computer interface - optional
- Date, time, sequential numbering
- 50 message store
- Product counting
- Date offset for sell by dates
- Automatic shift codes
- Multi language
- Internal adjustable air pump
- Ink system separate from electronics
- Choice of inks and colours
- Print speed up to 35 metres per minute
- 230/115 VAC 50/60Hz
